I,..... , Reject Waqf Amendment Bill 2024

Respected Sir/Madam,

As a citizen of India, I am guaranteed by the Constitution of India the right to practice my religious faith and belief in Islam and Islamic Law.

Regarding the proposed Waqf (Amendment) Bill, 2024, as a responsible Muslim citizen of India, I have carefully read and understood the new clauses from the official version available online, along with the parliamentary discussions. After deep thinking on the fundamentals of Waqf in Islam, I believe that all the new clauses are against the values and spirit of the Islamic System of Waqf.

Therefore, I strongly appeal and suggest to the Government of India NOT to adopt the Bill in any form of law.

Yours sincerely,

Address : AT & PO MAJADAR , TA-VADGAM , DIST-(B.K)
